An interesting chapter might be writ-till about the weeknesses of great men. The unecdotes of Archimedes will be re-one of John Brown's brave band of

more cold than usual," said one of his attendants. "Then I must have the ague," said Sully. "It is not more than probable that you are too scantily dressed?" he was asked. On lifting the tunic the world's opinion. He is now nearly the secret was at once discovered; he 45 years of age. had forgotten all his underclothes but his breathes!

Mrs. Bray tells a somewhat familiar

bome to complete his attire.

Buton was very fond of dress. He seemed the air of the grand seigneur,

Young, the poet, composed his "Night houghts" with a skull before him, in take physic before sitting himself to amusing. with a lamp, though outside it was read in Sheol broad daylight. On the contrary, Varil- fore sunrise. les, the historian, never wrote except at the midday. His ideas, he imagined, grew and declined with the sun's light.—
Watson's Art Journal.

rish at this time to impress upon the armers the importance of giving the moviedge so gained to others, through the press. Almost every man and wocan become an instructor, for an inastrious life will make developments ome particular line. The columns of the agricultural papers are ever open to the practical suggestions and noted observations of farmers and housewives; as need four to send them to us bee they are not learned in letters, or tomed to writing; all we the create the facts, however crude in the creater of atting them into readable form. Now hat the evenings begin to grow long, and the rich harvest of the season is rices has developed and give us the sults. We place a greater value upon short, practical article, either agricultal mechanical or domestic, than upthe best miscellaneous essay we reconstraint of his readers, the editor would be fixe the minister without the constraint of his laymen. Providence wisely made us as dependent creatures, and we cannot be independent if we try; and the given experience of one lay are thoseands of others from long all to bring out certain results. Each and every eltison owes much to his fellows for what he enjoys, and, further this, he owes to them whatever to indee the industries and general well well and of our common wealth.—Ohio Farm.

Bellets a lot on hand and are coming.

membered; he rushes through the streets of Syracuse, al freeze, arying "Eureka!" from Harper's Ferry, Owen Brown, son of the leader, alone is alive. Four of the making at the city he was killed by a soldier, while tracing geometrical lines on the sand.

Soldier, while tracing geometrical lines on the sand. Soldier with some idea. Soldier and these two only lived to see the grand descriptions. Suits of all kinds. Services, &c.

cd by a soldier, while tracing geometrical lines on the sand.

Socrates, when filled with some idea, we will stand for hours fixed like a state. It is recorded of him that he stood amid the soldiers in the camp of Potidea, in reoted abatraction, listening to his "prophetic" or "supernatural" voice.

Democritus shut himself up for days together in a little apartment in his garden. Dante was subject to fits of abstraction, in which he often quite forgot himself. One day he found an interesting book, which he had long sought for, in a druggist's shop at Sienna, and sat reading there till night came on.

Bude, whom Brasmus called the wonder of France, was a thoroughly absent mess. One day his domestic broke into One day his domestic broke into mingling of gentlness and roughness, sentiment and coarse practicability, which even his intimate friends cannot wife," he said; "you know I do not interfere in household affairs!" which even his intimate friends cannot understand, with one of the warmest of hearts and the readiest hand, he leads a Scaliger only slept for a few hours and wandering kind of life, seeming to cut himself off from old friends and associations, and yet after awhile returning to ations, and yet after awhile returning to Sully, when his mind was occupied with plane for retiorm, displayed extraordinary forgetfulness. One day in winter, when on his way to church, he observed, "How cold it is to-day!" "Not
more cold than usual." said one of his

of opinion there is and has been, about
the distance apart to plant apple trees.
After an experience of fifteen years, I
would plant apple trees not less than
twenty-four feet apart, from that to thirty-two feet. Apple trees planted sixteen
feet apart, when they get large enough
to hear, are found by experience to he to bear, are found by experience to be entirely too near each other, the limbs interlock, and it is difficult get through the orchard with a wagon; and the sported jewels and finery, wore rich lace the orchard with a wagon; and the and velvets, and was curied and scented want of light and room causes the leaves to excess—wearing his hair en papilotte while at his studies. Pope, too, was a little dandy in a bag wig and sword; and his crooked figure enveloped in the trees begin to bear, and there fashionable garments gave him the look is no better crop to grow among young from overdressed monkey. Voltaire, also, was fond of magnificent attire, and usually dressed in an absurd manner.

Diderot once traveled from St. Petersburg to Paris in his morning gown and in this grise proposed of the same as a row of corn, but let it stand, as it forms a protection to the burg to Paris in this grise proposed of the same as a row of corn, but let it stand, as it forms a protection to the trees in winter.

After the trees begin to bear, and there is no better crop to grow among young trees than corn. Let the row of trees have the ground of the row to them selves, and then cultivate the row of trees the same as a row of corn, but let it stand, as it forms a protection to the trees in winter.

After the trees begin to bear, and there is no better crop to grow among young trees than corn.

BILLIARD HALL,

SANTAF AVENUE,

(FIRST DOOR SOUTH OF GEIS' BANK.) nighteap, and in this guise promenaded trees in winter. After the trees begin to bear, seed the ground to clover—clean on his route. He was often taken as a —no blue grass or timothy mixed with madman. While composing his works it—and don't take the clover off for hay, he used to walk about with rapid strides, but either turn in the hogs or cut the and sometimes throw his wig in the air clover and let it rot under the trees; and when he had struck out a happy idea. whenever the clover gets crowded out One day a friend found him in tears,—
"Good heavens!" he exclaimed, "what is the matter?" "I am weeping," said not theory with me, but it is based on observation and succetsful practice.—
